Verify the Accountabilities are correct. These tasks were pulled from the employee's online job description.

- The title is the overall task and the specific tasks are numbered just below the title.
- You will see that each overall task currently shows two sections "Supervisor form question and guide text" and "Employee form question and guide text." These sections are exactly the same. This shows up separately to show what both the supervisor and employee will see. Once this ACE Form is approved, each person will only see their appropriate questions and text.

If any changes need to be made to the Accountabilities, contact Human Resources.

For the Competencies, Professionalism is already checked as it is required. Select 7-9 other Competencies.
